BUILT TO LAST

AIRVAC 9 1600E

Technical Specifications

AV9

Features:

- 415V 3-Phase 30kW Electric Motor
- Heavy Duty Suction Fan
- User friendly interface for straightforward operation
- Variable speed controls for infinitely variable fan speed
- Robust steel frame with lifting eyes and forklift pockets for easy transportation
- 4 x Telescopic Legs for adjustable working height and excellent stability
- Access doors and removable panels for excellent service access
- Lockable door latches with removable keys for security
- 3 Emergency Stops located around periphery of machine
- Fast On-Site Set-Up time – Less than 10 minutes
- Mains connection on lead for plugging into power supply
- Requires 36KVA generator minimum for operation

Vacuum Head:

- Universal brackets for mounting on almost any existing conveyor frame
- Adjustable width to suit conveyor belts up to 1200mm (47") wide
- Lightweight steel construction giving outstanding durability

Optional Air-Knife:

- Can be hung from almost any conveyor frame using chains
- 1200mm (47") wide to suit wide range of belt widths
- Adjustable valve to control power of air flow
- Lightweight Steel construction providing exceptional robustness

Dimensions & Weight

	<u>Transport</u>	<u>Working</u>
Length:	1737mm (5ft 7")	1737mm (5ft 7")
Width:	1308mm (4ft 3")	1308mm (4ft 3")
Height:	2051mm (6ft 7")	2251mm (7ft 4")
Weight:	1120Kg (2470 lbs) (incl. Vacuum Head)	1031Kg (2275 lbs)
